HOW RDP HELPS

- Review all your R&D efforts to ensure all eligible projects are claimed and maximized.
- Develop and implement a system to capture and report on both technical and financial aspects of the R&D claim.
- Assist with the preparation of the technical study describing the eligible projects to accompany your financial information to support your R&D claim.
- Work with your accounting staff to compile all eligible R&D costs.
- Assist with the audits by the IRS.
- If you have prepared your R&D claim, have RDP review your claim to ensure that all R&D projects and costs have been identified and claimed properly.

WHY YOUR COMPANY BENEFITS FROM RDP'S SERVICES

- 1 Improve your R&D process and reporting system and increase the likelihood that the IRS will approve your claim and reach their decision quickly. RDP has developed the Innovation Connection Program to meet this goal.
- 2 Minimize disruption to your on-going activities - your technical staff keep on doing what they do best, we manage the process.
- 3 Many companies who claim R&D on their own receive less than half of what they are entitled to claim.
- 4 You remain focused on your business - we focus on complicated eligibility criteria supported by our databank of prior claims and experience.

If you have any questions regarding your claim or R&D activity, call to speak to one of our trained professionals at 1-312-836-3702 or visit our website: www.rdpassociates.com to post a question online.
